ARCHITECTURA. SIMPLE ELEGANCE.

ARCHITECTURA.

DESIGN AND UTILITY IN ONE.

Simple elegance thanks to Architectura.

The Architectura bathroom collection by Villeroy & Boch ensures timeless elegance in your bathroom. Use the geometric forms in the collection to create a calming atmosphere.

Whether round, oval or rectangular washbasins or Toilets, the Architectura collection offers bathroom ceramics that cater for every taste. The various washbasin installation options add the finishing touch to the appearance of the bathroom.

The Architectura range allows ease of assembly and time savings with the Villeroy & Boch universal attachment system, the installation cut-out for basins has the same dimensions in all materials, regardless of whether stone, glass or wood thanks to a circular cut-out template, making installation easy and cost-effective.

ARCHITECTURA. FITS ANY PLAN.

Soft Closing
Villeroy & Boch

The advanced technology of the soft closing seat and hinge combination enables the seat to be closed with one simple touch. Constant battles about the toilet seat being left up is a thing of the past. The new soft close seat will lightly touch down, everytime, with just a push of the seat.

Ceramic Plus
Villeroy & Boch

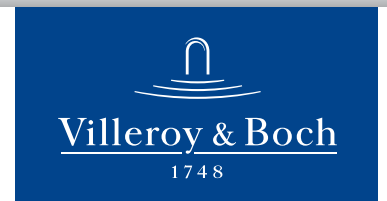

CeramicPlus is the first ceramic material with a unique dirt-repellent surface. Small pores occur on the surface of conventional ceramics, allowing dirt to establish a hold. CeramicPlus has a low surface energy, which means the mutual attraction between dirt molecules and water is greater than the attraction to the CeramicPlus. Consequently, the water forms small droplets which literally roll down the drain.
