## QUALITY MAKES HISTORY

For over 265 years, Villeroy & Boch has stood for exciting designs and quality. Since its foundation in the heart of Europe, Villeroy & Boch has become one of the world's leading brands in the sanitary sector and has a long tradition in which the company played an active part in shaping bathroom culture.

The name Villeroy & Boch is a promise. A promise of products whose outstanding quality is evident at first glance. This is because they meet the highest requirements of material and aesthetics in every single detail. Shaped by a deeply rooted culture of innovation, Villeroy & Boch regularly transform visions into reality with unparalleled experience and skill. This is not only reflected in the selection of high-quality materials and in the last critical glance of their experts, but also in impact and scratch-resistant ceramics that are outstanding on the strength of their durability, ease of care and excellent hygiene properties. And in material innovations such as Quaryl, which open up completely new possibilities for bathing. Paired with state-of-the-art manufacturing methods and a focus on sustainability, Villeroy & Boch create products that will be a tremendous source of delight from day one, and that will continue to delight for a long time to come.

Villeroy & Boch bathroom products transform a functional space into a personal well-being oasis. From bathroom taps to ceramics, furniture and accessories, Villeroy & Boch offers solutions for a complete bathroom.

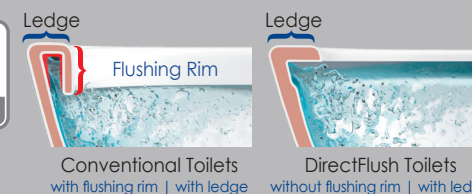

Choosing Villeroy & Boch is a choice for life. It means choosing tap fittings and showers that spell out quality at first glance. Taps and showers that live up to the highest standards in functionality and materials - right down to the smallest detail. With a timeless aesthetic that complements every bathroom design. Eye-catching, but not attention-seeking. Your Villeroy&Boch tap fittings are something to be enjoyed for many years to come.

## WORLD CLASS PRODUCTS, WORLD CLASS HOTELS.

**Ceramic Plus**  
Villeroy & Boch

Helps keep your ceramics hygienic and enables quick and easy cleaning whilst using less water and less cleaning agents, even dried limescale deposit can be removed without difficulty.

**Quaryl®**  
Villeroy & Boch

Villeroy & Boch baths are made with Quaryl®. This is unique to Villeroy & Boch. Quaryl® combines the best properties of natural quartz with the versatility of high quality acrylic resin, solid and hard like crystal.

# BETTE

## BETTE ARE "ALL FIRED UP" FOR STEEL/ENAMEL

Bette is a family company with more than sixty years of history standing for sanitaryware products made from steel/enamel – a material that has always held a fascination for them. Bette are interested in continuously exploring and redefining the possibilities of the material with regard to both quality and design. Not only that, every one of Bette's steel/enamel bathroom products is an expression of their passion.

The only place Bette's range is made is on company premises in Delbrück, Germany and their production even involves manual input, if it improves the quality. The technology for the products – from installation to outlet – is constantly kept in mind and developed along with them. So choosing Bette bathroom products is always a guarantee of lasting value thanks to the durability and quality of BETTEGLAZE®, the timeless elegance of the forms and the level of safety when installing and in use.

See the unique range of Baths, Spas, Whirlpools, Basins & Shower Trays from Bette for yourself, and let their elegant and contemporary designs turn your bathroom into a masterpiece.

## PRODUCTS TO LAST A LIFETIME

BETTE are constantly redefining the boundaries of steel/enamel production for themselves with their passion for the material steel/enamel and their skill in processing it. BETTE use the latest production methods, cleverly complementing them with individual manual skills. All of which results in BETTE'S unmistakable quality.

# BETTEGLAZE®

BETTE have always been committed to the durability and quality of their products and to the sympathetic interaction with others - to sustainability. It is evident in the natural raw materials we use with steel and the refined enamel surface BETTEGLAZE®.

## QUIET

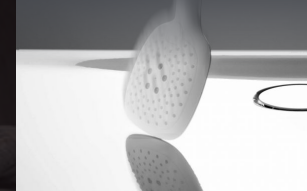

Reduces the spread of noise from the bathroom to the building shell.

## HYGIENIC

Dirt & bacteria are unable to adhere to the glass-hard, non-porous surface.

## IMPACT RESISTANT

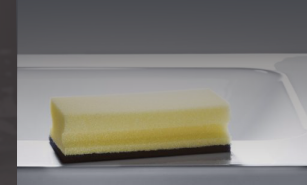

Remains flexible and resilient to usual forces that occur in the bathroom.

## RESISTANT TO CHEMICALS

Particularly robust. It is resistant to cosmetics & bath additives.

## SCRATCH RESISTANT

A surface harder than marble, plastic or steel.

## HEAT CONDUCTIVE

Titanium-steel alloy & enamel, a perfect heat conductor.

The HANSA brand encompasses the idea of designing water as well as fittings.

HANSA supplies the best quality on the market: This is the commitment that we set ourselves – and the standard by which you measure us.

For us, being a modern brand means seeing the future as something that begins today.

A host of coveted awards prove how well we meet the highest of standards: In 2014, the readers of "markt intern", the business information service for German plumbing specialists, voted HANSA the "No. 1 specialist trade partner" for the 20th time in succession as part of the "performance report for sanitary fittings" that is awarded every two years.

Our products are an important part of your everyday life. For this reason, we go to great lengths to design them to be as user-friendly and straightforward as possible.

## EXPERIENCE WATER

Hansa Armaturen GmbH specialises in the manufacture of high-quality, innovative sanitary fittings for the bathroom and kitchen. The traditional company with headquarters in Stuttgart stands over a hundred years for the highest quality, functionality and unique design. "Experience water" is the philosophy that HANSA stands for. Its repertoire ranges from simple classics to award-winning designer mixers for exceptional bathroom worlds.

HANSA and the Finnish sanitary fittings manufacturer Oras form Oras Group, the market leader in Northern Europe.

## HANSAPROTEC: SAFEGUARDS THE QUALITY OF YOUR DRINKING WATER

Kitchens can often be busy, hectic and also the heart of the house which demand the most from the respective fittings. HANSA kitchen mixers are tried-and-tested for quality.

The variety of modern **HANSA** showers, rail sets and shower systems are very pleasing and convincing - and provide you with a pure shower experience thanks to the innovative **HANSA** laminar technology.

Pure water without any additional air, smoothly flows through the closed **HANSAPROTEC** systems ensuring that unpleasant swirling and disturbing noises are not generated. Make the very most of your pleasurable showering experience, enjoy it and reduce your water consumption at the same time.

Argent is a successful Australian company now in its 6th decade of operation. From its beginnings in 1958, Argent has always had a vision where bathroom fittings unite function and form to set new standards for Australian conditions.

Argent are leaders in providing the finest quality bathroom products which rival European counterparts for retail, project and builder markets in Australia.

Argent pay particular attention to designing products that are both innovative and practical in application which are perfect for any modern bathroom design
