VILLEROY & BOCH

Quality & Expertise

For over 275 years, Villeroy & Boch has stood as a beacon of innovation and excellence in crafting products that reflect personal vision and style. Our journey, rich in craftsmanship and quality, mirrors our relentless pursuit of design and functional perfection. We've steadfastly combined tradition with modern elegance, setting the standard in style and durability.

QUARYL *Nature perfected*

Step into a world where nature's resilience meets human ingenuity with Quaryl by Villeroy & Boch.

Unique to Villeroy & Boch, this premium blend of natural quartz and high-quality acrylic resin is the pinnacle of design and functionality. Quaryl's silky smooth surface and its ability to be precisely crafted into shapes and edges thought impossible have refined luxury. Quaryl's non-porous, slip-resistant surface and unmatched insulation properties offer comfort and safety, ensuring a warm, inviting bath. Quaryl is luxury and durability personified, designed for an exquisite bathing experience.

CASTSTONE *Timeless elegance*

Villeroy & Boch's CastStone is crafted to endure. Born from the alchemy of the Earth, CastStone undergoes a metamorphosis of heat and pressure to produce a material of remarkable durability. Each CastStone bath, crafted with ergonomic precision, offers a harmonious blend of strength, comfort, and hygiene. Immerse in the timeless elegance of CastStone, connecting with nature's artistry. More than a bath, each CastStone piece is a lasting, beautiful addition to your space, embodying luxury, style, and practicality for years to come.

ACRYLIC *The Cornerstone of the Modern Bath*

Villeroy & Boch's sanitary acrylic sets the standard in contemporary bath design, offering unmatched versatility and durability. Its skin-friendly surface provides a warm, non-slip experience, ensuring both comfort and safety. Renowned for its lasting shine and colour fastness, acrylic exemplifies modern luxury, transforming everyday bathing into an enduring aesthetic delight. Acrylic is where design meets lasting functionality in the heart of your bathroom.

QUARYL

NATURE PERFECTED

Quaryl, uniquely developed by Villeroy & Boch as their premium design material, combines the best properties of natural quartz with the adaptability of acrylic resin. It's warm and smooth, yet solid and hard, like a crystal. Unlike nature, the precision focused engineers at Villeroy & Boch have not left the design to chance; instead, they have revelled in creative freedom that Quaryl affords. Villeroy & Boch have revolutionised bath design, sculpting precise radii, crisp edges and soaring curves previously thought impossible.

The moment you touch Quaryl, the experience begins. Its surface is silky smooth, warm, and inviting, a testament to the material's natural origin and meticulous crafting. But Quaryl is more than just its tactile allure. It's incredibly durable, non-porous, and slip-resistant, ensuring safety and pristine hygiene. Its superior insulation keeps bath water delightfully warm, blending comfort with functionality. Fitting perfectly into every home, Quaryl baths are available in an astounding variety of sizes, shapes and colours, engineered for lasting durability. Villeroy & Boch's Quaryl is an enduring legacy, ensuring luxury and sophistication are at the heart of your home.

CASTSTONE

TIMELESS ELEGANCE

Villeroy & Boch's CastStone is an exclusive blend of natural elements and innovative materials, masterfully crafted to create baths that stand the test of time. Born from the alchemy of the Earth, CastStone undergoes a metamorphosis of heat and pressure to produce a material of incredible resilience, offering unparalleled durability and hygiene.

Each Villeroy & Boch CastStone bath is a masterpiece, exquisitely created with flowing shapes and a purposefully designed chamfered ergonomic edge. This combination delivers an experience that is as durable as it is comfortable. Immerse yourself in the timeless elegance of a CastStone bath, and you'll feel a living connection to nature's artistry. Far more than just a bath, each CastStone piece serves as an enduring and beautiful addition to your space.

Experience the fusion of durability, hygiene, and exquisite craftsmanship with every CastStone piece, a testament to Villeroy & Boch's legacy of quality.

AVENTO

NATURE'S PERFECT FORM

The Avento is not just a bath; it's a statement of refined taste and a sanctuary for the senses. Sculpted from Villeroy & Boch's exclusive CastStone material, it boasts an organic, oval shape reminiscent of an almond's perfect form, offering a nod to nature's flawless designs. The Avento is a symphony of fluid lines and serene curves, promising to transform your bathroom into a haven of tranquillity. More than just a bath, Avento creates a space that rejuvenates, inspires, and returns you to harmony.
